

Meet Ruggedman, Ordior protecting his rights!

PRESS RELEASE, EFFECTIVE IMMEDIATELY, 30th April 2020, This is the kind of music video where you know the artist isn't gonna put up with any garbage. You're not gonna get any spunkier than "Is police your friend"! Looks can be deceiving, but in this case they certainly aren't!

A no-nonsense attitude is just the kind of thing we like once in a while, and Ruggedman is here to deliver on that tenfold. He knows what's right, and he knows what's important – things like family and love, and knowing what treatment you deserve. Such passions have driven some of the most hardcore agents of change throughout history.

So it's little wonder that we at Ordior have been swayed and wish to extend our protection to his catalogue! Ordior is now working with Ruggedman to manage his copyrights and seek out unpaid and unclaimed royalties. We're protecting the rights and managing the royalties of Ruggedman's entire catalogue, so he can rest assured knowing that the quality music he creates is getting the treatment and respect that it deserves! Even now, lost royalties have been recovered by the Ordior team, and are moving into Ruggedman's hands where they rightfully belong. Music of this caliber deserves every ounce of that consideration, and Ordior and our partner company Blue Pie are here to deliver!

ABOUT ORDIOR:

www.ordior.com

Ordior is a software company designed to meet the very specific needs of content owners, software developers and digital rights managers all over the world. The Ordior systems have been designed to allow content companies, large or small, to outsource all of the tasks that sit between the content sale and distribution of funds, to the entire chain of royalty collection, accounting, reporting and distribution, through to the management and development of a sales team’s commission structure and creation of value-added reseller networks and channels. Ordior is committed to developing and maintaining systems that are several generations ahead of those currently employed in the content industries. Best of all, we will continue to evolve with the digital economy, accommodating new business models and income streams as they come to market.

Ordior’s proprietary software products have been developed by a world-class team of engineers and software developers. Ordior’s software and rights management services are now used by over 200 record labels, software developers, film/media production companies and publishing houses. The Ordior royalty and payment management services platforms provide real-time reporting on transactions for our customers 24/7, 365 days a year.

Ordior provides a turnkey solution for all creators or I.P, digital content, software, music, films and other digital assets that have the need for transparent reporting, income stream management, rights management protection systems and mechanical copyright management and administration services. If you own content and you want your rights managed, then Ordior provides an excellent product offering and service.
