

# Make way for Judithilen, the new star of Key Crashers Suga Boom Boom!

**PRESS RELEASE, EFFECTIVE IMMEDIATELY, 1<sup>st</sup> Juner 2020**

The #TikTikTikBoomBoom and #SugaBoomBoomKC crazes are finally getting off the ground! Here's the first of many tributes directly from Tik Tok... the second video of a new account no less! Caught on quick, eh?

The star of today's show is Judithilen, a social media personality with a decent following on Instagram, who just recently started on Tik Tok too! [www.tiktok.com/@judithilen](http://www.tiktok.com/@judithilen) [www.instagram.com/judithilen](http://www.instagram.com/judithilen) Judithilen is a pro dancer, and that's certainly something that's immediately apparent if you pay attention! Her skill is impressive, and with those moves contributing to the campaign for the Key Crashers' remix of DL Down3r, the amount of sheer clout on display is insane!

We've also been informed that there's more on the way from Judithilen, so this may be the birth of a new star, and a breath of fresh air for the KC remixes! Watch this space, we'll be reporting with the utmost haste as soon as something develops!

**ABOUT ORDIOR:**

[www.ordior.com](http://www.ordior.com)

Ordior is a software company designed to meet the very specific needs of content owners, software developers and digital rights managers all over the world. The Ordior systems have been designed to allow content companies, large or small, to outsource all of the tasks that sit between the content sale and distribution of funds, to the entire chain of royalty collection, accounting, reporting and distribution, through to the management and development of a sales team's commission structure and creation of value-added reseller networks and channels. Ordior is committed to developing and maintaining systems that are several generations ahead of those currently employed in the content industries. Best of all, we will continue to evolve with the digital economy, accommodating new business models and income streams as they come to market.

Ordior's proprietary software products have been developed by a world-class team of engineers and software developers. Ordior's software and rights management services are now used by over 200 record labels, software developers, film/media production companies and publishing houses. The Ordior royalty and payment management services platforms provide real-time reporting on transactions for our customers 24/7, 365 days a year.

Ordior provides a turnkey solution for all creators or I.P, digital content, software, music, films and other digital assets that have the need for transparent reporting, income stream management, rights management protection systems and mechanical copyright management and administration services. If you own content and you want your rights managed, then Ordior provides an excellent product offering and service.
